

# sam scholars.

## Student Program

term  
four.

SAM is calling out to passionate art students from Years 10 – 12 to get involved in our final 2018 SAM Scholars Student Program. SAM Scholars is a program designed specifically for senior students who are keen to develop their skills and understanding of art and its related industry contexts.

In term four we will host artist and Instagram sensation @chiliphilly for a series of crochet couture masterclasses. Renowned for his wearable crocheted food headwear, Phil Ferguson (Chili Philly) will share both his savvy career tips and his crochet skills with participants who will be creating small wearable sculptures of their own.

This program is designed to complement the VCE Studio Art study design and engages with the SAM collection, exhibition programming, visiting artists, guests and SAM museum staff.

Utilising the SAM Education Workshop space, students will engage in both practical art classes and lectures specifically designed to further develop their understanding of studio art practice, materials, techniques and visual literacy skills.

### When:

Thursday 8th of November	4pm – 5.30pm
Thursday 15th of November	4pm – 5.30pm
Thursday 22nd of November	4pm – 5.30pm

### Where:

SAM Education Workshop

This program is supported through the Department of Education and Training's Strategic Partnership Program.
