tips

When you are working on your project, it is important to think about the following things:

- What is the purpose of your project?
- How will you collect your data?
- How will you analyze your data?
- How will you present your findings?

Project by www.thefairyprint.com

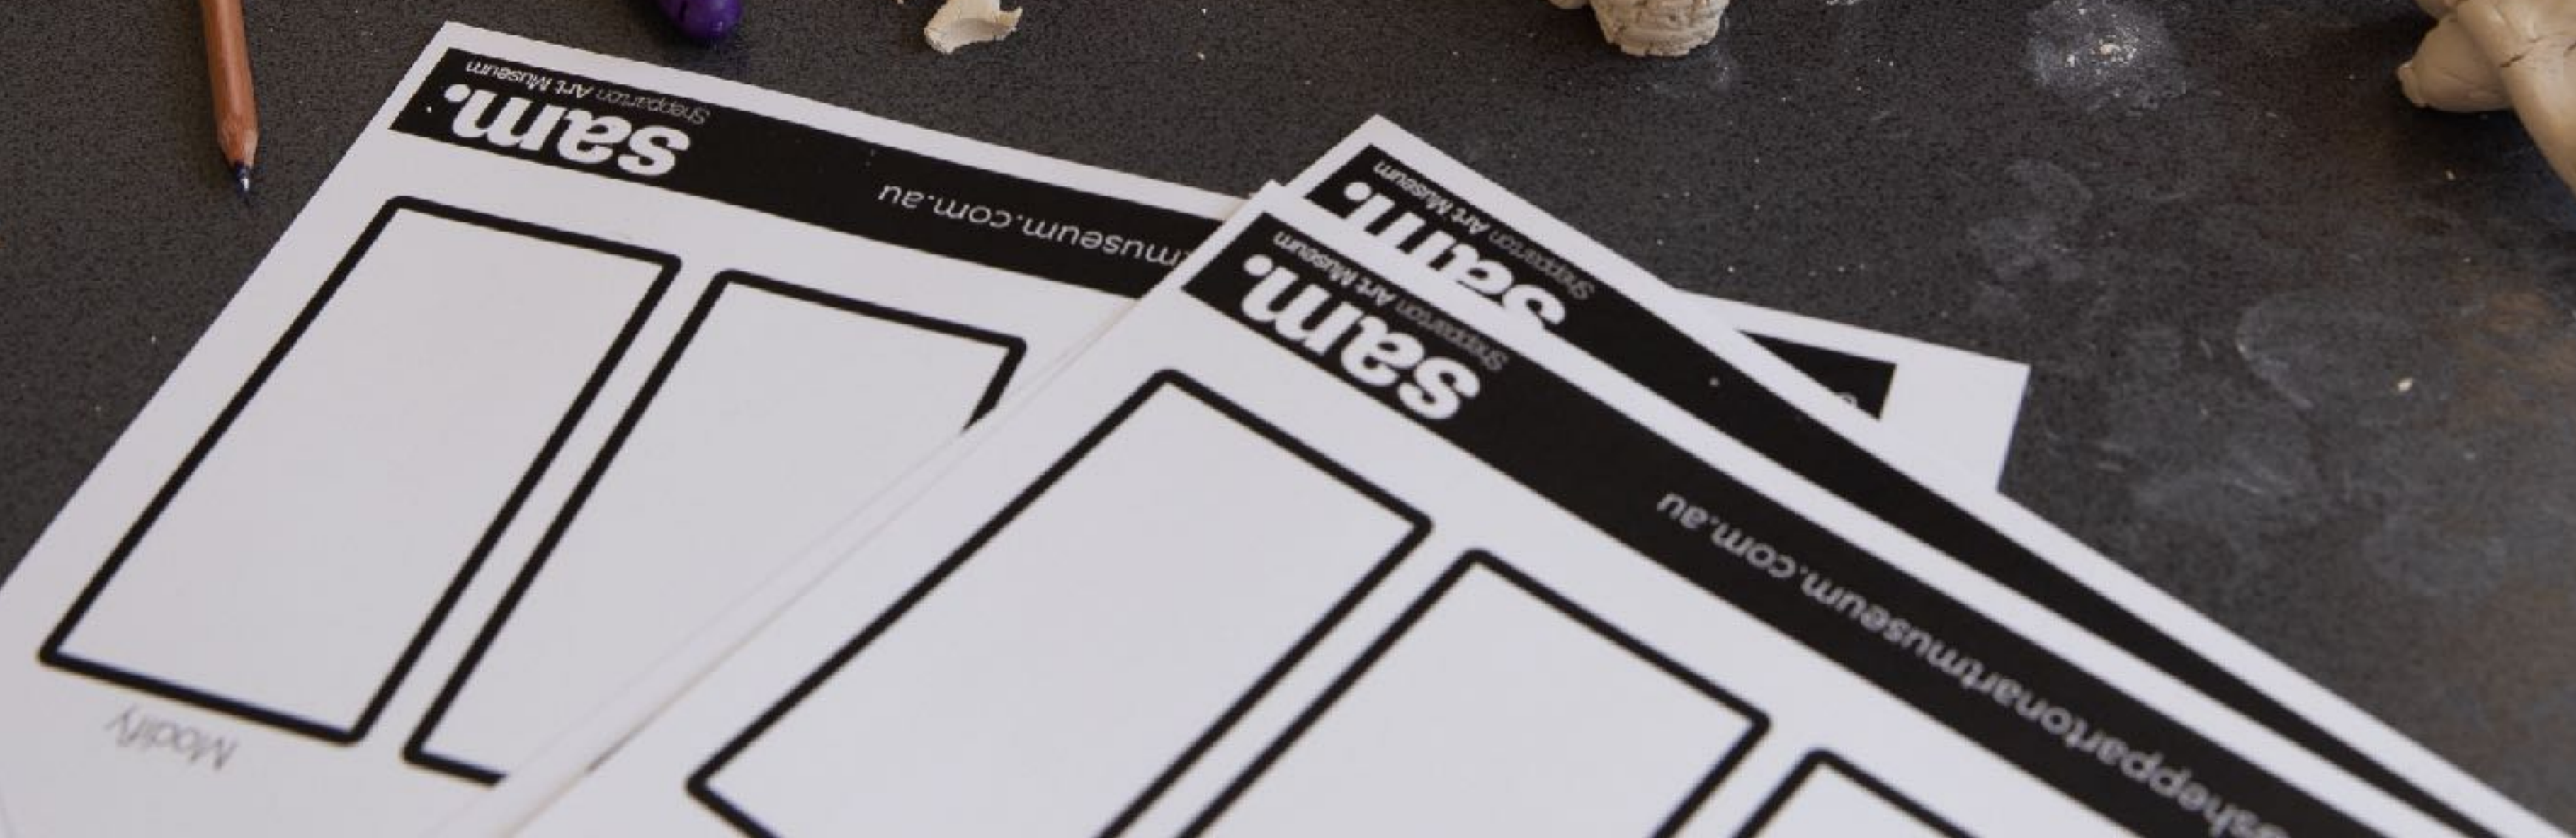

Age group: Secondary schools
about: Who is SAM? Your challenge is to design a new SAM. Using coloured pencils, create a character and patterns to design a character to be in the gallery and show them around.
Imagine: Is SAM a bird, fish, butterfly, or something else? Will you make up a story about SAM?

art card. Who is sam?
What do you know about sam?

Name: _____
Date: _____
Draw a picture of sam.

4-6 groups: Secondary schools
ahead, who is SAM? You challenge to design a character for leggings
and patterns to design a character to be a mascot who could represent the
school and show how proud
Imagine: A SAM T-shirt, SAM T-shirt, who, look at the details! The pants
are blue! How do you make up a new animal in costume? It has a body or
tail?
all and explore: While you're looking at other animal characters and mascots,
what do they look like? Try design like:
- animal like but not like many details of an animal, choose appropriate ones
- after thinking about how they look, head, mouth, look, look, legs or
wings?
- what are you change a new animal? longer, longer or not?
- make a
collaborate: What animals work together?
- complementary animal together on the color wheel
- contrasting colors (color wheel) red and blue, blue and yellow
- harmonious colors (color wheel) red and yellow, yellow and orange
and green, yellow and orange
evaluate: Write and sketch ideas for 3 or more animals. Choose your one idea and
share it with the class.
