

Instructions on using the Proposed Artwork Template:

1. Update the cover page.
2. Duplicate the artwork page as many times as needed so that there is one page and set of details per proposed artwork for the show.
3. Replace each image (the glacier photos) and resize as needed in this document to proposed artworks for the show.
4. Add in relevant artwork information on each page, i.e. replace the words *Artwork title* with the title of the proposed work.
5. For “additional information” please note:
 - if the work is part of an edition
 - if the work has been exhibited before, and where
 - Any resources needed for display, or installation notes such as if the work needs a plinth, etc.
 - If the work is a moving image, performance, or sound artwork, provide a link to a viewable file on Youtube, Vimeo, or your website with any passwords if necessary.
 - If the work is unfinished, please note ‘work in progress’
6. Delete any instructions in red.
7. Delete this whole page.
8. Save and export as a .pdf with your surname in the filename, i.e. “Applicant Name_Selects_YEAR.”

Alternatively, you can create your own document / template mimicking this layout.
